

Organizing Committee

General Chair: Damla Turgut
University of Central Florida, USA

Program Chair: Nils Aschenbruck
University of Osnabrück, Germany

Program Co-Chair: Salil Kanhere
University of New South Wales, Australia

Local Arrangements Chair: Ehab Elmallah
University of Alberta, Canada

Co-Chair: Janelle Harms
University of Alberta, Canada

Finance Chair: Frank Huebner
AT&T, USA

Registration Chair: Fadi Al-Turjman
University of Guelph

Corporate Relations Chair:
Soumaya Cherkaoui
Université Sherbrooke, Canada

Publications Chair: Kemal Akkaya
Southern Illinois University, USA

Workshops Chair: Jens Tölle
Fraunhofer-FKIE, Germany

Demonstrations Chair: Karl Andersson
Luleå University of Technology, Sweden

Publicity Co-Chair USA: Bogdan Carbutar
Florida International University, USA

Publicity Co-Chair Europe: Matthias Hollick
Technische Universität Darmstadt, Germany

Publicity Co-Chair Asia-Pacific:
Olivier Mehani, NICTA, Australia

Editorial Liaison: Matthias Wählisch
Freie Universität Berlin, Germany

Student Grants Chair: Katrin Reitsma
Motorola Solutions, USA

Webmaster: Gary Kessler
Embry-Riddle Aeronautical Univ., USA

Steering Committee

Joe Bumblis, University of Wisconsin-Stout
Chun Tung Chou, Univ. New South Wales
Ken Christensen, University of South Florida
Ehab Elmallah, University of Alberta
Matthias Frank, University of Bonn
Hossam Hassanein, Queen's University
Anura Jayasumana, Colorado State University
Gary Kessler, Embry-Riddle Aeronautical Univ.
Tom Pfeifer, Technical University of Berlin
Burkhard Stiller, University of Zürich + ETH
Tim Strayer, BBN
Mohamed Younis, Univ. of Maryland Baltimore County

Important dates

Paper registration: March 1, 2014
Paper submission: March 7, 2014
Notification: May 30, 2014
Final paper: June 30, 2014
Demo proposals: June 11, 2014

LCN 2014

The 39th Annual IEEE Conference on Local Computer Networks (LCN)

Chateau Lacombe Hotel, Edmonton, Canada

8-11 September, 2014

<http://www.ieeelcn.org>

The IEEE LCN conference is the premier conference on the leading edge of theoretical and practical aspects of computer networking. LCN is a highly interactive conference that enables an effective interchange of results and ideas among researchers, users, and product developers. For the past 38 years, major developments from high-speed networks to the global Internet to specialized sensor networks have been reported at this conference. Topics of interest include, but are not limited to:

- Personal and wearable networks
- Wireless ad hoc, sensor & RFID networks
- Information-centric networking
- Embedded networks
- Opportunistic networking
- Delay-tolerant networks
- Cognitive radio networks
- Vehicular and underwater networks
- Social networks
- Mobile and ubiquitous networking
- Green networking
- Overlay and peer-to-peer networks
- Local-area and metropolitan-area networks
- Storage-area networks
- Optical and high-speed access networks
- Software Defined Networking
- Internet of Things
- Link technologies
- Adaptive networking applications
- Authentication, authorization, accounting
- Security and privacy
- Cross-layer optimization
- Mobility and Location-dependent services
- Multimedia and real-time communication
- Machine-to-machine communications for smart environments
- Network management, reliability, and QoS
- Network traffic characterization and measurements
- Performance evaluation of networks
- Testbeds for network experiments
- Network coding

Authors are invited to submit papers describing original, previously unpublished work, not currently under review by another conference, workshop, or a journal. *Full papers* (up to 8 camera-ready pages, 10 pt font in IEEE format) should present novel perspectives within the general scope of the conference. *Short papers* are an opportunity to present preliminary or interim results and are limited to 4 camera-ready pages. Short papers will be presented in a poster session. Both full and short papers are published in the proceedings and IEEE Xplore. All papers must include title, complete contact information for all authors, abstract, and keywords on the cover page. IEEE reserves the right to remove papers from IEEE Xplore that are not presented at the conference.

Paper submission: Papers must be registered on EDAS and submitted in PDF format. Detailed submission instructions are available at the conference website. Direct your questions to Program Chairs: Nils Aschenbruck aschenbruck@uni-osnabrueck.de and Salil Kanhere salilk@cse.unsw.edu.au

Workshops: A number of workshops will be co-located with the conference. Details will be posted on the conference web site. To propose a workshop contact the workshop chair: jens.toelle@fkie.fraunhofer.de. Workshop papers will be published in the LCN proceedings and IEEE Xplore.

Demonstrations: Proposals are solicited for research demonstrations. A proposal (no more than 3 pages) should describe the scope, significance and required equipment. Submit proposals via EDAS to the *LCN Demo Track*.
